| Legend | |
|--|---|
| | - language available in engine |
| | - language not available engine |
| | - a similar (equivalent) engine language is used |
| | - added in docWizz 7.2 |
| | - for ISO codes - there is no ISO code for language |
| | - ISO code doesn't exist, ISO 639-3 used |
| <i>* for Tesseract engine, the language mapping is done based on the traineddata file name and languages.xml</i> | |
